

Fall in love with Edpuzzle in 60 min

Goal: Teachers will go home with an account, a lesson they can use next week, and a clear understanding of how to introduce it to their class.

5' Opening: Attendees explain one of these 3 challenges: different learning speeds, students not being engaged or no time to cover the curriculum.

5' Relevance: Explain what Edpuzzle is and how it helped you solve that challenge. Use the slides that focus on the benefits and when to use Edpuzzle.

10' You play: Go to Edpuzzle and explain how to create an account, how to find a video, embed a question and assign it to a class. Show off the analytics, too!

30' They play: If they have devices, they can create their account and a lesson. Walk around the room to answer questions.

10' Closing: Review the key takeaways: The benefits of Edpuzzle and the steps to follow to get set up. Explain the YouTube Edpuzzle Integration. Q&A
