What is Edpuzzle?

Choose any [video](#) from YouTube, embed your own [assessment](#) questions, and track your [students' progress](#).

It's easy and powerful!

Why Edpuzzle is your new best friend

- Your students watch the video at their **own pace**.
- You hold every student **accountable**: see who's watching and who answers the questions. They won't be able to skip ahead or open other tabs.
- Get 100% **student participation**!

Assign and post on GoogleClassroom

The screenshot shows the Google Classroom assignment creation interface. It is divided into two main sections: "Assign to a class" and "Public Links".

Assign to a class: This section contains a list of classes with checkboxes for selection. A red arrow points to the checked box for "My Math Class".

Class	Subject	Teacher
<input checked="" type="checkbox"/> My Math Class		
<input type="checkbox"/> My Science Class		
<input type="checkbox"/> My Social Studies Class	Grade 5 Social Studies	
<input type="checkbox"/> My Writing Class		

At the bottom of this section are three buttons: "+ Add new class", "Later", and "Assign".

Public Links: This section contains settings for the assignment. A red arrow points to the "Start Date" field, which is set to "Today" at "12:00am". Below this is the "Due Date" field, set to "No due date".

At the bottom of the "Public Links" section are three toggle switches, each with an information icon (i):

- Prevent Skipping: **ON**
- Turn on CCs: **OFF**
- Post on Google Classroom: **OFF**

A red arrow points to the "Post on Google Classroom" toggle switch.

Students click, watch, and learn.
