

What's New

for 2025-2026

WANT LESSONS THAT SPARK STUDENTS TO ASK QUESTIONS?

Look no further!

Quizzes

Quickly check for understanding before a unit or with exit tickets after a lesson. See student progress in seconds!

Slides

Liven up static lectures with dynamic, interactive presentations, perfect for introducing or reviewing material.

Grouped assignments

Group different assignments together easily to create a well-rounded lesson that includes videos, quizzes, and slides!

STRUGGLING TO KEEP STUDENTS' ATTENTION?

Turn up the fun factor!

Leaderboard

Turn your lessons into lively whole class sessions with our new Leaderboard feature. Watch as your students come to life with a bit of friendly competition!

Student video projects

Flip the script and let students take the lead. Students can record a video straight from their browser to explain their thinking or get creative with a research project.

DEALING WITH POOR-QUALITY VIDEOS?

Bring your content into the 21st century.

High-definition streaming*

Match students' expectations for quality videos. Enjoy high definition by default, because blurry videos just won't cut it.

Multi-language closed captions*

Support all types of learners and make your lessons more accessible by turning on multi-language closed captions.

TEACHING MATERIALS FEELING A BIT BLAND?

We've got fresh ready-to-go content.

Edpuzzle Originals

Cut down on planning time with standards-aligned content for Math, Language Arts & Literacy, Science, and Life Skills. Plus, find content from beloved creators like The Amoeba Sisters!

Edpuzzle Professional

Find PD that's practical and fits your schedule! Earn self-paced micro-credentials on topics like Classroom Engagement and AI for Teachers, to help reenergize your teaching practice.
